Professional Experience

COGNORISE INFOTECH

Oct 2024

An Indian-based company that empowers students with essential skills through its internship programs.

Intern:

- Completed a one-month internship, developing three responsive projects—To-Do List, Personal Portfolio, and BMI Calculator—using HTML, CSS3, and JavaScript. The portfolio incorporates animations and media queries, while the To-Do List includes interactive hover effects.

Projects

MNTN LANDING PAGE

Oct 2024

xWave: A tech initiative to eradicate poverty and empower students with IT courses and skills.

Fellow:

- Designed a responsive landing page in 5 days using HTML5, CSS3, JavaScript, and React.js, incorporating a structured grid system for optimal layout.

GROFFER WEBSITE

Sep 2024

xWave: A tech initiative to eradicate poverty and empower students with IT courses and skills.

Fellow:

- Developed the Groffer homepage in 10 days using HTML5, CSS3, Bootstrap5, and JavaScript, creating a fully responsive design with "Add to Cart," sign-in, and login options, along with interactive hover effects.
